S 19

# MOUNTAIN BIKE

The Summer 2019 Fox Mountain Bike Collection has everything you need before, during and after the ride. Our Made For Your Ride apparel continues to push innovation with our systems approach to design, which allows a superior level of adaptation for riding in all conditions. We continue to partner with some of the most iconic material brands in the world and the result is the most functional and performance oriented line we have ever offered. The Fox Summer 2019 Collection is Made For Your Ride, Made For the Elements and Made For Mountain Bike.

# HELMETS

The Summer 2019 Collection continues our relentless focus on helmet innovation. The revolutionary Proframe continues to set the standard in All-Mountain performance by combining DH level certification with superior airflow and an ultra-light construction.

New this year is the innovative Dropframe, which takes inspiration from our legendary Proframe Helmet. The Dropframe changes the game in trail helmets with a level of coverage never before seen in open face helmets. The striking design, ultra light weight construction and superior performance features push the limits of what a trail helmet can be.

# PROFRAME

## VARIZORB EPS

Dual-density Varizorb EPS liner provides improved protection by spreading forces of impact across a wider area.

THE LIGHTEST AND MOST BREATHABLE FULL FACE MOUNTAIN BIKE HELMET WE HAVE EVER CREATED.

## MIPS™ PROTECTION

MIPS™ provides improved rotational impact protection.

## BIG BORE VENTS

15 Big Bore vents and 9 exhaust vents keep you cool and aid in moisture management.

## FIDLOCK® SNAP

Fidlock® SNAP helmet buckle provides quick and secure entry and exit while wearing gloves.

## INTEGRATED CHIN BAR

Fox integrated chin bar is secured to the helmet with our patent pending system and meets ASTM downhill standards.

## PROFRAME

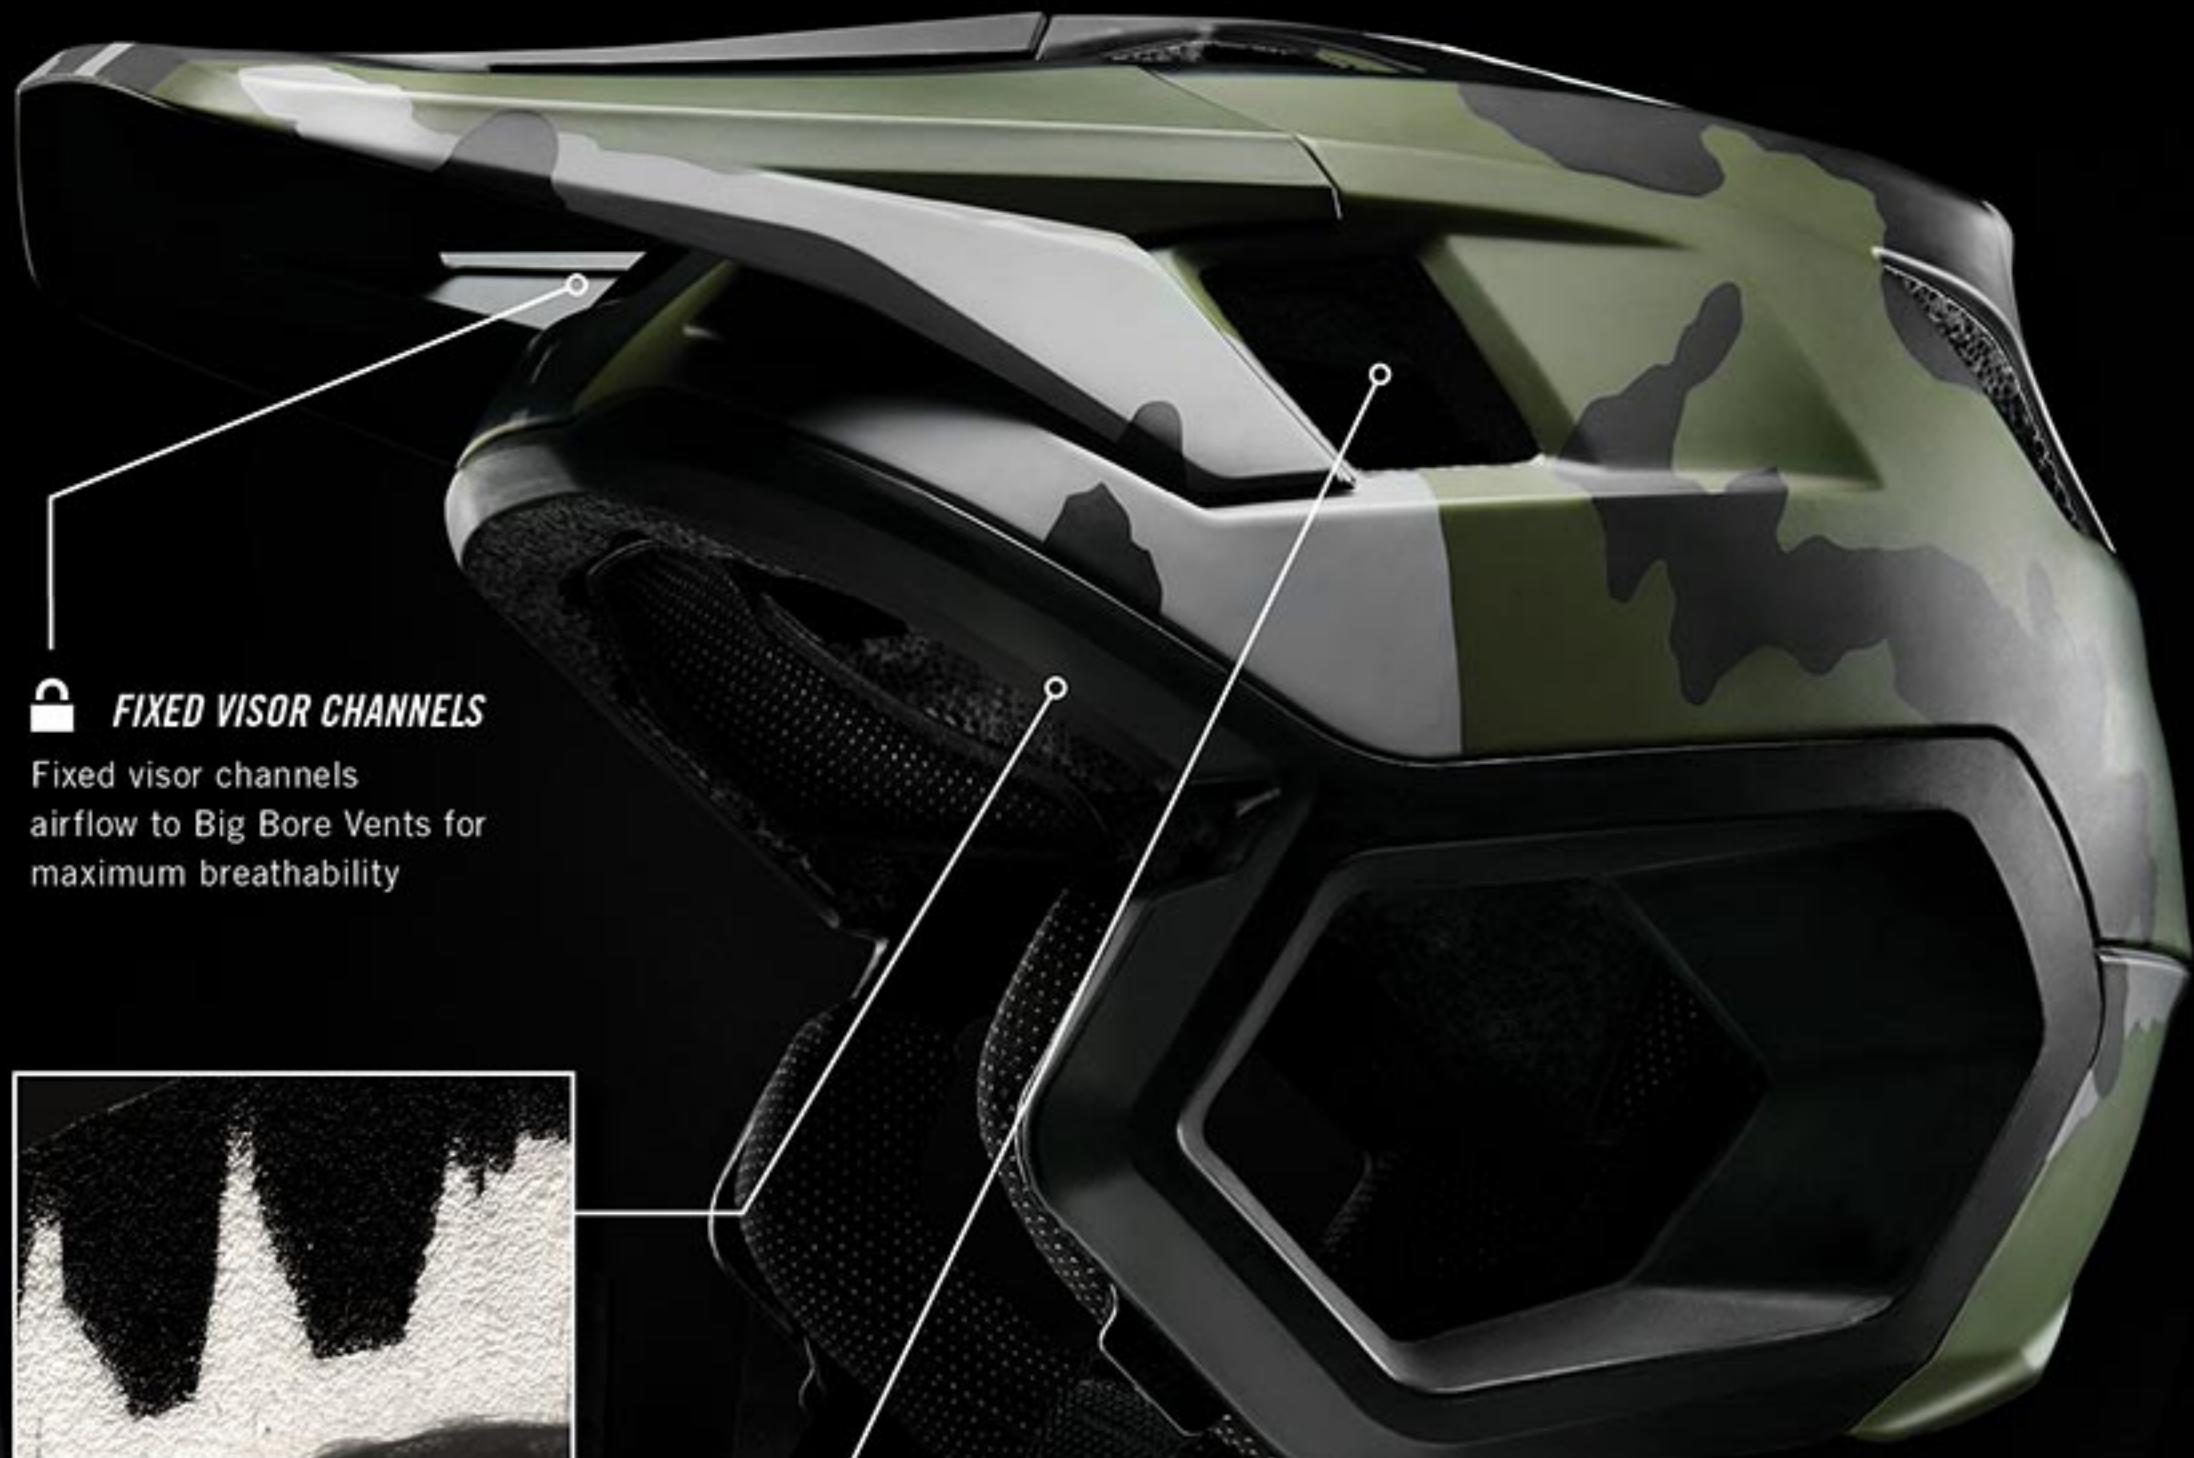

SIM|XL | RRP: R4159.00

The lightest and most breathable full face mountain bike helmet we have ever created.

- MIPS' added protection system has been proven to reduce the rotational motion when implemented in a helmet by absorbing and redirecting energies and forces otherwise transmitted to the brain.
- Fox integrated chin bar is secured to the helmet with our patent pending system and meets ASTM downhill standards.
- Highly breathable liner system is moisture wicking and has anti-microbial properties
- 15 Big Bore vents and 9 exhaust vents keep you cool and aid in moisture management.
- The securely fixed visor is positioned to channel airflow into the Big Bore vents.
- Fidlock® SNAP helmet buckle provides quick and secure entry and exit while wearing gloves.
- Dual-density Varizorb EPS liner provides improved protection by spreading forces of impact across a wider area.

# DROPFRAME

OUR MAXIMUM COVERAGE TRAIL HELMET FEATURING EAR PROTECTION AND OPEN FACE VENTILATION.

## FIXED VISOR CHANNELS

Fixed visor channels airflow to Big Bore Vents for maximum breathability

## VARIZORB

Dual-density EPS liner provides improved protection by spreading forces of impact across a wider area.

## BIG BORE VENTS

8 Big Bore vents and 7 exhaust vents keep you cool and aid in moisture management.

# SIZING

## A | HEAD

To measure the head circumference, place the tape around the head just about an inch above the eyebrows.

## B | CHEST

To measure the chest circumference, place the tape around the fullest part of the chest, under the arms.

## C | WAIST

To measure the waist circumference, place a tape measure around your bare stomach just above the upper hip bone.

## D | HIP

Measure the circumference about 23cm/9in below the waistline. Stand with feet together.

## E | INSEAM

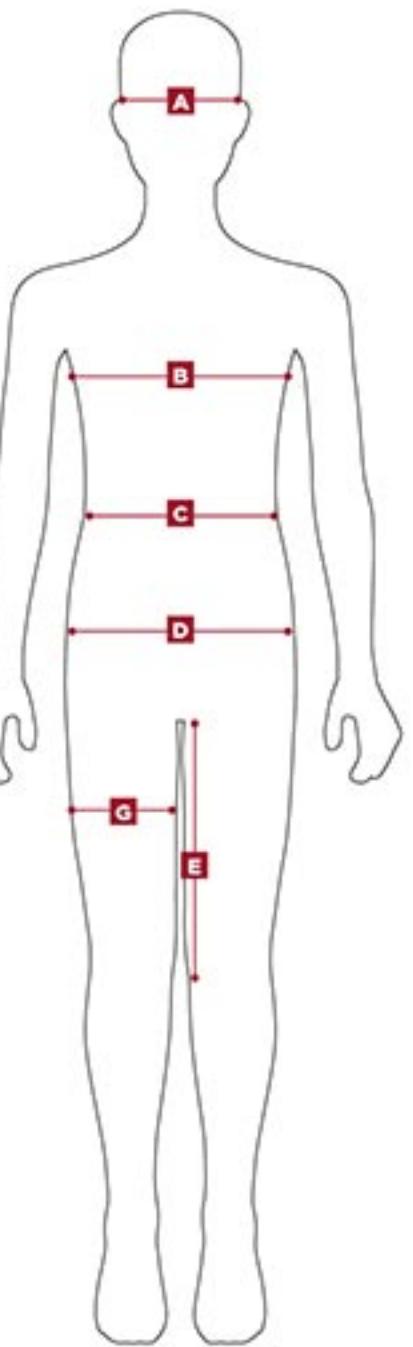

Measure from the crotch to the bottom of the leg (or desired length of hem), running vertically down the inside of the leg.

## F | OUTSEAM

Measure from waistline to the bottom of the leg (or desired length of hem), running vertically down the outside of the leg.

## G | THIGH

To measure the thigh circumference, place the tape around the fullest part of the thigh, below the crotch.

## HELMETS
